DEDICATION OF NEW CHURCH

Members of The Christian
Church Held Three
Services.

DR. RAINES PREACHED.

Ministers of City Were Present
and Took
Part.

Three large audiences attended the services at the Christian church Sunday. Dr. Raines, of Cincinnati, preached at all the services. It is estimated that fully one thousand people were present at the dedication service in the morning and fully as many in afternoon and night services.

The "Roll Call" services began at 3:00 o'clock in the afternoon and lasted nearly two hours.

The pastor, Rev. H. D. Smith, had the ushers to distribute cards through the audience and asked every person present, regardless of church connections, to write their names on the cards, which he said, would be interesting reading fifty years from now.

The ministers of the city were on the platform. Rev. H. H. Branch, pastor of the Ninth Street Presbyterian church, read the Scriptures and Dr. M. A. Jenkins, pastor of the Baptist church, lead in prayer.

Dr. Raines in a most interesting talk gave an account of what his denomination is doing in the foreign missionary field, touching also on what other denominations are doing. His theme was "The Work, The Workers and Where the Money Comes From."

Last night the members of the

church held a social in the S. S. room. The friends of the members were present and the evening was most enjoyable one.

There were quite a number of persons from surrounding towns and the country members defied bad roads and came in.

HELM BRUCE'S STRONG SPEECH

Pleads For the Enforcement
of Law By the People.

HEARD BY GREAT CROWD

Given Close Attention By
Hundreds of Good
Citizens.

Hon. Helm Bruce spoke yesterday at the court house in the interest of law and order and was heard by a crowd that packed every available foot of standing room in the court room and gallery. Hundreds were turned away unable to get in the room.

Mr. Bruce came under the auspices of the Law and Order League and was introduced by Rev. C. H. H. Branch. For more than an hour he held the closest attention of the great crowd. He referred to the fact that he was a native of Kentucky, told of his pride in the State and of his shame over present conditions. He said he did not come to discuss the right or wrong of the tobacco question, but the conditions as they exist and the preservation of law in Kentucky.

He reviewed the crimes of two years, beginning with the fire at Trenton and passing over the raids at Princeton, Hopkinsville, Russellville, Dycusburg and Eddyville. He referred to the destruction of plant beds, the whipping of good citizens and the burning only last week of the home of Mr. Gregory, near the city. These crimes, he said, were nothing short of red-handed anarchy and the destruction of government itself and this condition cannot remain in Kentucky except at the expense of the government itself.

The primal purpose of government is to protect the individuals and if this is not done the citizen gets nothing for his taxes. The right can and will prevail. Organized virtue since the world began has been stronger than organized vice. You cannot break down the barriers of law and have any government left. If we cannot enforce laws we confess ourselves incapable, of self-government.

The people themselves are the basis of government and they must enforce the law. If need be sacrifice money, time, ease, comfort and even life to uphold the law. Every man should be required to take a stand for law or for anarchy. Let every man choose which side he will serve and no one be allowed to hide his views. Give protection to those who testify, even if an armed guard must be maintained in their homes.

He closed with a strong appeal to Kentuckians to do their duty, as the world was looking upon Kentucky and watching the contest between law and anarchy. Let Kentuckians in whose veins flows the blood of heroic ancestors, prove equal to the test and show to the world that there is no soil in Kentucky upon which anarchy can flourish.

The speech was greeted by rounds of applause at frequent intervals and at the close Mr. Bruce was given an ovation.

REV. R. L. BAKER

Will Take Pastorate at
Arcadia, Florida.

Rev. R. L. Baker, for some time pastor at Salem Baptist church, resigned his charge yesterday and has accepted the pastoral charge of the First Baptist church at Arcadia, Florida. Dr. Baker is an able and eloquent preacher and was very popular with the Salem church. He will go to his "new church" at once.

BRADLEY WINS SENATORSHIP.

Four of the Bolting Democrats Cast Their Ballots For Him.

BECKHAM WITHDRAWN.

A Recapitulation Demanded
By Democrats Resulted in
Bradley Winning.

Frankfort, Ky., Feb. 28.—Ex-Gov. Win. O. Bradley was elected United States Senator on joint ballot today.

Charlton, Lillard, McNutt and Mueller voted for Bradley and "thus gave him enough votes to elect."

The Democrats called for a recapitulation before the vote was announced, and at once there was great confusion, which lasted for a considerable time.

Combs withdrew the name of Beckham and it was announced that he was entirely out of the race.

The Democrats left the room to break a quorum, but came back and the recapitulation began. Shanks and Conn Linn changed to Ollie James and Newman to Mayo as did Watson. With confusion rampant Curton declared that if vote was announced Bradley would be declared elected. Newman pleaded for a caucus to nominate a new candidate. Charlton gave notice he would not go into any caucus with the Democrats. Chinn made a speech regretting he ever had to vote for any other than the Democratic nominee. He roared the bolters and a war of words with Charlton followed. Chinn voted for James, as did Graves.

The recapitulation resulted in the following:

Bradley.....	65
Beckham.....	15
Cammack.....	1
Allen.....	1
James.....	15
Hunt.....	1
A. O. Stanley.....	1
C. M. Barnett.....	2
Mayo.....	2
Peak.....	2
Campbell Cantrill.....	1
Wheeler Campbell.....	1
Charley Wheeler.....	1
Dave Smith.....	2
J. C. S. Blackburn.....	1
McCreary.....	10
Newman.....	1
McElroy.....	1

When the result was announced Bradley made a short address in which he thanked Speaker Gooch for his course as speaking officer of the joint sessions. He congratulated the Republicans in their victory they had won and thanked the Democrats who bolted Beckham and voted for him. He said he had nothing but the very kindest feelings for his distinguished opponent. He said that as a senator from Kentucky he would vote for the repeal of the six-cent tax on tobacco, as he believed it to be the best for the farmers.

Ex-Gov. Beckham was called for, but he had left the assembly hall and did not respond.

SLIGHT WRECK

On L. & N. Yesterday at
Guthrie Ruined Engine.

One of the crew of a freight train at Guthrie yesterday morning left a switch open. When passenger train No. 62, North-bound, pulled into Guthrie it ran into the sidetrack on which the freight engine and one passenger on the passenger train was injured. Dr. Blakey, the local physician of the L. & N., was telephoned to meet 62 and ascertain the condition of the injured passenger, which he did. The passenger was a lawyer by the name of Thompson, whose home is at Knoxville, Tenn. He was going to Henderson. Dr. Blakey said that Mr. Thompson's back was wrenched by the shake-up.

BURNED TO DEATH.

Colored Child Cremated in
Burning Cabin.

The little year-old son of Viney Noach, col., who resides on Mr. C. L. Dade's farm, six miles southwest of the city, was burned to death Thursday morning. The child's mother had gone to Mr. Dade's house, leaving the boy sitting in a box in front of the fire place. Shortly afterwards the house was discovered to be in flames. Farm hands succeeded in putting out the blaze but found that the child was dead. The supposition is that the fire rolled down and set fire to the box and burned the boy to death, before the building was ignited.

NEAR STATE CAPITAL.

A Mysterious Fire Destroys
Independent Tobacco.

Frankfort, Ky., Feb. 27.—The large tobacco warehouse of Head & Switzer at Switzer Village, seven miles from here in this county, was burned to the ground early today. It contained about 100,000 pounds of tobacco, which was not in the Equity Society pool. The insurance is said to have been canceled sometime ago. The origin of the conflagration is unknown, and the inhabitants of the village are ignorant as to whether it was incendiary or not. The owners are independent tobacco buyers, doing a large business in the burley district.

Animals and Music.
Tarantulas do not dance to the sound of the violin, but let the people they bite do the dancing. Scorpions, however, enjoy fiddling, according to the Westminster Gazette, and heards go crazy for music of any kind. As for serpents, the boa constrictor and python are senseless to melody, but the cobra is fascinated by the drum and still more by the fiddle. Polar bears enjoy the violin; so do ostriches. Wolves will stop in the chase to listen to a concert. Elephants are fond of the flute, especially the upper notes. Tigers, while appreciating violin and flute, cannot stand the harmonicon, while the musical seal shows no emotion on hearing any instrument, not even the bass drum.

The Mexican Cook.
A good Mexican cook relieves the mistress of the house of worry and responsibility in a manner that is almost unknown in the United States. The cook is given so much a day, and with this amount she will purchase each morning all the provisions for the day, including even the staples that are usually bought in large quantities in other countries. On \$1 a day a cook will provide a very good table for a family of three or four and get enough beans and tortillas and chile to set the servants' table besides. They can really do better than their mistresses, because they can usually drive sharper bargains with the marketmen of their own class, and they have more patience to haggle over the last penny.

Music of the Spheres.
The ancients were of the opinion that the planets in their movement through space produced severally the seven notes of the gamut. This music, it was contended, was imperceptible to human ears on account of the fact that it was too powerful for our hearing. Others held that men did not hear it simply because they were so used to it just as we do not notice the roar of the city from our constant familiarity with it. The real "music of the spheres" is purely intellectual, lying in the great and splendid fact of the universe of law and order.

Never Saw a Train.

Bardwell, Ky., Feb. 27.—Aunt Mary Sams, past eighty years of age, died this morning of the infirmities incident to old age. She had never been to Bardwell, although she has lived within four miles of town. She had never seen a railroad train, and had never seen or heard a piano or organ, though she was possessed of all her senses.

The Young Physician

WHAT HIS EXPERIENCE PROVED.

In the early sixties it was usually the duty of a practicing physician to ride many miles every day on his regular rounds of visits upon his patients. In those days a young man who had received a splendid medical training in one of the best medical colleges of that day was accustomed to ride ten, twenty, thirty miles or more visiting the sick and afflicted. His success was soon phenomenal. Doctors and families called him for consultation to towns at considerable distances by rail. His specialty was the cure of those common and distressing diseases of women. He had early discovered that by combining the extracts of the following medicinal plants in just the right proportion, without the use of alcohol his "Prescription" almost invariably cured such cases. Later, in order to place this remedy before the public in a shape easily to be procured, he established a laboratory at Buffalo, N. Y., where regularly qualified chemists were put in charge to accurately prepare his "Prescription" and put it in shape for shipment to all parts of the world. This remedy, which he named Dr. Pierce's Favorite Prescription, is not a "patent medicine" but a tonic and nerve for women, and a regular physician's prescription, and contains the following ingredients: Lady's Slipper root, Black

Cobosh root, Unicorn root, Blue Cohosh root, Golden Seal root, and chemically pure glycerine.
Dr. Pierce does not claim for his "Favorite Prescription" that it is a "cure-all." It is recommended as a most perfect specific for woman's peculiar ailments. So uniform are the results while following the use of this remarkable remedy, that it can be truly affirmed of "Favorite Prescription" that it always helps and almost always cures. Ninety per cent. of the women who give this medicine a fair and faithful trial are cured and remain cured.

It is a powerful invigorating tonic, improving health and strength in particular to the womb and its appendages. The female body health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in stores, offices or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

THE PROOF.
"I want to tell you of the great improvement in my health since taking your 'Favorite Prescription'," says Mrs. H. S. Jones, of Forest, N. Y. "When I began its use I was a physical wreck and had departed of ever having good health again. Could not sit up all day. I noted a great improvement before the first bottle was all used. Was suffering with almost every pain that a woman is subject to. I had inflammation of the ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired." Only one or two of these

cases could be named. The following letters will register claims of good results. Some in healthy, vigorous action to a foul stomach, such, torpid liver and sluggish bowels. Little Pills, little dose, produce great results. First put up by old Dr. R. V. Pierce, over 40 years ago. Much imitated but never equaled.

HOW IT WAS DONE.

The one thing above all others that caused the defeat of the Democratic party, not only at the polls but in the election of a Senator, was the lack of a wise and straightforward platform of principles dealing with the issues of the campaign. Gov. Beckham, in the absence of a platform, injected into the race issues never incorporated into a Democratic platform, and the State ticket was sacrificed. In the Senatorial contest, it became evident early in the fight that Gov. Beckham could not unite the party, first because of the manner in which his nomination had been obtained and second because of the issues upon which he insisted on making his race. When he resorted to card-writing and denunciation, it drove his bolting opponents into the Republican camp. It was a mistake fatal to the Democratic party, when Gov. Beckham refused to withdraw in the interest of some one of his friends who could receive the full support of the party. The Republicans have probably agreed to kill certain of Gov. Beckham's pet measures in the Senate, in return for Bradley's election. The attempt to trade on legislation in mixing up the unit bill with the Senatorial race, as Gov. Beckham did when he offered to enter into a truce for a week to allow the bill to pass, was the last rag flaunted in the face of the mad liquor bull. After that, his defeat was a foregone conclusion and the liquor minority took care of their interests by electing Bradley. The Democrats will be lucky if the Republicans did not also bargain for the enactment of the redistricting bill into a law while they were doing business with those bent on defeating Beckham at all hazards.

The Legislature has only twelve more working days and a vast majority of the 500 bills in the hopper will never be heard from again.

Bradley is for Fairbanks and the situation has changed so materially that the Taft Republicans are really in danger of losing Kentucky.

M. H. Thatcher was sworn in yesterday as State Inspector to succeed Henry B. Hines, who has filled the place for eight years.

The Mason county special election will be a tame affair Saturday, since the senatorial election is not an issue. The Democratic candidate will probably win.

Republicans are uneasy about New York State and say Hughes is the only man who can be relied upon to carry it. If Hearst and his league support Bryan, New York will go Democratic.

Robbery and retaliation are the latest developments in the lawlessness that is disgracing Kentucky—robbery in McCracken county and retaliation in the Equity district.

Pat Garrett, the famous frontiersman who killed "Billy the Kid" twenty years ago, was shot and killed by Wayne Brazle, a youthful ranchman, near Lar Cruces, N. M., who got the drop on him in a quarrel.

The Louisville & Nashville Railroad Co. has rescinded the order reducing wages of conductors and engineers 10 per cent., which was to have gone into effect March 1st. It was brought about by an appeal by the engineers to the Interstate Commerce

ASSOCIATION LOSS

In Fire of December 7th Has Been Paid.

The farmers who owned the twenty-nine hogheads of tobacco which was stored in the association warehouse of R. M. Wooldridge & Co., and which passed through the fire when that building was burned on the night of December 6, 1907, as a result of the night rider raid upon the city, are now receiving their money on this tobacco.

The insurance has never been paid or even adjusted, and the present payment is being made by the firm with which the tobacco was stored. All of it was not destroyed entirely, as it was packed in hogheads, and the most of it was only charred on the outer edge, but all of it suffered more or less from the heat and water and smoke. Some of it has been sold for what price it would bring.

Settlement was made at the graded prices which had been set upon it by the association officials and the farmer received the same amounts as if the tobacco had been sold as usual.

L. D. Merritt Passed Away Sunday Morning

After suffering many months from Bright's disease, Mr. L. D. Merritt, father of officer Marcus Merritt, died at the Payne boarding house, Seventh and Liberty streets, last Sunday morning. Mr. Merritt, who had an attack of pneumonia, was brought by his son from the country to the city a few days ago and had the best of medical attention of the city, and most careful nursing, but in vain. He was 65 years of age and was a brother of Mr. George Merritt, of this city. He had made his home in Paducah for many years. His remains were shipped to Paducah Sunday afternoon, accompanied by Officer Merritt and his brother.

A Cowboy's Girl.

Pure unalloyed fun, mingled with the most sensational of situations and climaxes and put up in the most approved manner known to stage productions, is what you get when you see Perce R. Benton's scenic play, A Cowboy's Girl. A new story of the West, told in such a way that the audience seems to be fairly transported from the scenes of their daily life to those that pass before them with vivid naturalness. A complete production with nothing lacking, a triumph of electricity and mechanical art combined with highest form of dramatic perfection. At the opera house, Saturday, March 7.

SHOT HIMSELF

THREE TIMES

Hugh Campbell Committed Suicide While on Train.

Passengers on L. & N. Train No. 61, which passes here at 5:18 p. m., witnessed of a tragedy Friday night. A man giving his name as Hugh Campbell, about 35 years old, deliberately shot himself three times while the train stopped at Sadlers, a small station three miles South of Guthrie. Campbell was taken to Nashville, and died at the city hospital shortly before midnight. Campbell was riding in the smoking car, which was crowded with passengers, and it is remarkable that none of them was hurt. He took the revolver from his handbag, and placing the weapon to his head, fired. This bullet only inflicted a scalp wound. He then placed the weapon above his heart, and fired the second shot, after which he pressed to his abdomen and sent the bullet through his body. After shooting himself, Campbell talked of being sick of being pursued by officers. He had a ticket from Baker City, Oregon, to Chattanooga, Tenn. He stated that he was a professional gambler, and that his home was at Cleveland, Tenn. He was well dressed and had considerable money in his pockets.

The Best!

WE CAN PROVE IT

We Mean What We Say

The Adrian Wire Fence

Is the Best on the market. Made out of the best grade of HARD WIRE, and HEAVILY galvanized. All wires in the Adrian are of the SAME LENGTH. No possibility of SLACK WIRES TO IMPAIR the EFFICIENCY of the FENCE.

The tie will not slip; it securely holds the cross and lateral wires, which combines to add strength to the Fence and allows it to conform to uneven as well as level ground. You will miss a good thing if you buy without investigating the Adrian.

We also handle the Pittsburg, one of the best fences on the market. Smooth and Barbed Wire, Staples and Nails.

CORTRIGHT METAL SHINGLE

NEVER LEAK

What never leak? Exactly; never leak, never needs repairs of any kind, and last as long as the building itself. Neither melting snow, nor the worst driving rain can possibly reach the interior of the building that's covered with Cortright Metal Shingles. Pretty good recommendation isn't it? In addition we might add they're fire-proof and lightning proof too. Think of it! and they are not as expensive as other forms of roofing. Step in and we'll show them to you.

BUNDLES OF SWITCHES

Left With Letters And Notes And Some Matches.

RAID NEAR CASKY.

Walter Layne is Threatened By Night Riders Friday Night.

Walter A. Layne, of Casky who lives on the Hancock place, was waited on by night riders Friday night about midnight. They left on his porch a bundle of 15 switches, some matches and a letter telling him he had staid out long enough and if he didn't join the association what would be done to him would be a plenty.

Similar letters, matches and switches were left at the doors of two tenement houses in the rear, these letters saying the tenants ought to have sense enough to know they could not raise a crop with a hill billy. At one of the houses where there were two men, 12 switches were in the bundle.

Mrs. Layne was awakened by two or three shots as the gang rode off. She did not arouse her husband, who slept through the visit. The tracks of two horses and two mules were seen in the lane alongside of the yard, leading to the tenants, houses in the back lot.

While Mr. Layne is not a member, his application is in to join the association when the books are opened.

To Collect Taxes on Property of American Tobacco Company.

NOT LISTED IN 4 YEARS.

Plaintiff Asks That Defendant Be Required to Pay Penalty.

Arthur E. Hopkins, of Louisville, revenue agent for the state at large, has filed suit in the Christian County Court against the American Tobacco Company seeking to enforce payment of taxes on property aggregating \$1,185,000. Plaintiff alleges in his petition that the defendant company failed to list for taxation property to the value mentioned for the years 1903 to 1908, and asks that said property be adjudged liable to taxation, and further that the property be assessed by the court at value named, and that the defendant be required to pay taxes together with 20 per cent penalty and costs. The amount is distributed as follows: Cash, \$50,000; Notes, \$325,000; Stock of Merchandise, \$800,000.

SEPARATION IN EDUCATION

The Safeguard of Both White and Colored Races in Preserving Identity

BEREA COLLEGE CASE.

The Supreme Court Brief of Attorney General Breathitt.

Washington, Feb. 9.—The Clerk of the Supreme Court of the United States has received from Attorney General Breathitt, of Kentucky, and his counsel, N. B. Hays, Thomas McGregor and Charles H. Morris, their brief in behalf of the State in the case of Berea College vs. the Commonwealth of Kentucky, which will be argued before the Supreme Court within a few weeks. The case is brought to the Supreme Court on the question of the constitutionality of the act of the Kentucky Legislature prohibiting whites and negroes from attending the same school. Judge Breathitt declares in his brief that the State statutes does not encroach on the civil rights of either race nor does it discriminate against the civil rights of either.

"This statute," says the Attorney General of Kentucky, "was intended to prevent these two streams of life from flowing into a common channel; to preserve race identity and to maintain the purity of blood. It is the public policy of Kentucky to require the equal but separate education of the two races; that while guaranteed equal civil rights, it is the policy of the State of Kentucky to maintain a separate social status."

SOCIAL EQUALITY WOULD BE CRIME.
"How is the State to maintain a separate social status? If the young white and colored children are permitted to go voluntarily to school together, to sit together, to eat together, to recite together, to study together, to sleep together, to associate together and to become the guests of each other, may we ask what more is needed to constitute social equality? But let social equality be once established and mutual attachment will follow as surely as the day does the night; first, among the weaker members of each race, and finally among all, resulting in the destruction or blotting out of the individuality of each race."

"The laws of the State which now prohibit their intermarriage, if not repealed would leave them to gratify their mutual passions of love in licentiousness. Or, is it reasonable to suppose that social equality may be established between the two races without intermarriage between the white and colored races, where it is not prohibited by law? The associated education of the two races would lead to social equality, to intermarriage and to an amalgamation."

KENTUCKY'S SOVEREIGN POWER.

"To guard the rights of the generations yet to be; to preserve the identity of the races, and to maintain the purity of blood, the Commonwealth of Kentucky, in the exercise of her sovereign police power, enacted the statute in question. "The General Assembly of Kentucky did and this honorable court should take notice of all facts, truths

ITCHING ECZEMA FIFTY-FIVE YEARS

Suffered Torments from Birth—Boils Formed as Big as Walnuts—In Frigidity Condition and Could Hardly Work—Tried All Kinds of Remedies to No Avail—At Last

WHOLLY CURED IN 8 MONTHS BY CUTICURA

"I had an itching, tormenting eczema, ever since I came into the world, and I tried all kinds of medicines I heard of, but found no relief. I was truly in a frightful condition. At last my blood was so bad that it broke out all over with red and white boils, which kept growing until they were as big as walnuts, causing great pain and misery. I thought they would take the skin off my whole body, but I kept from scratching as well as I could. I was so run down that I could hardly do my work. The Nelson R. Burnett recommended the use of Cuticura Remedy, telling me he was confident they would benefit me, and, in time, cure me. I used the Cuticura Soap, Ointment, Resolvent, and Pills about eight months, and I can truthfully say I am cured. I cordially recommend Cuticura Remedies to all who are afflicted the same as I was, believing that, if they will use them according to directions, they will find that all they are represented to be, my own doing. The truth of the above can write to Mr. Burnett, who will cheerfully vouch for my statements."

Hale Bordwell, R. F. D. 3, Cedar Corners, Tipton, Ia., Aug. 17, 1907.

"I cheerfully endorse the above testimony. It is the truth. I know of no other who has been cured of this terrible disease. He knows the condition he was in. His review of the praise the Cuticura Remedies."

Nelson R. Burnett, Tipton, Ia."

Gentle anointings with Cuticura, the great Skin Cure, preceded by warm baths with Cuticura Soap, followed in the severer forms, by the use of Cuticura Resolvent Pills, afford instant relief, prompt rest and sleep, and point to a speedy cure of torturing, disfiguring, itching, burning, and scaly humors, eczema, rash, and inflammations, from infancy to age.

Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (25c) to Heal the Skin and Cuticura Resolvent Pills (50c) to Purify the Blood and Thoroughly Cure the System. Sold Everywhere. Beware of cheap imitations. Cuticura Soap, Boston, Mass. Manufactured by Cuticura Soap Co., Boston, Mass.

and matters which are so notorious and universally known as to form a part of the common information of mankind.

WARNING AGAINST EQUALITY.
"The historian and adventurer found the negro race, centuries ago, in barbarian darkness, and the race, as a whole, so remains, a warning and an admonition against social advancement and equality. While the Caucasian takes the white of the Italian marble and the negro the sabbleness of the night, yet color is not the result of individual choice or preference. These are a few of the many reasons why the two races should not be educated together, and the inevitable sequence of social equality avoided. Feeling satisfied that this statute deprives neither race of liberty, privilege, property or immunity, nor denies to either the equal protection of the law, and believing that it is for the welfare of both, the Commonwealth of Kentucky on behalf of its generations to come, claims and pleads the inherent sovereign right to require the white and the colored children within her jurisdiction to attend separate schools."

A Million Pounds.
Lexington, Ky., Feb. 29.—The week's sale of tobacco here amounted to one million and thirty thousand pounds, which brought a total of \$128,212.41, an average of \$12.34. Last week's average was \$12.17.

Prayers to Be Offered.
Bishop Lewis Burton, of the diocese of Lexington, has instructed that the clergy are to pray for the Governor and Legislature at every service and to ask for divine guidance in the movement to restrain lawlessness in the State.

MR. BRYAN'S OPINIONS

The plan of guaranteed bank deposits has probably found favor, among all classes of people and irrespective of political affiliation, more rapidly than any other public question.

The new state of Oklahoma has already enacted a law taxing state banks, the fund thus accumulated to be used in paying the depositors of any state bank that from any cause becomes unable to meet its obligations. A special session of the Kansas legislature has been called for the purpose of enacting legislation similar to the Oklahoma plan. The governor of Nebraska is considering the advisability of calling a special session of the legislature on account of the growing belief among the people that protection to bank depositors in the form of state or federal guarantees of their deposits will stop the hoarding of money, bring into circulation sufficient currency to conduct the business of the country, and prevent a recurrence of such disastrous panics as the one through which we are now passing.

Mr. Bryan has been an advocate of a law guaranteeing deposits in state and national banks since 1880. Mr. Bryan, in discussing the tariff questions, insists that residents of the United States should be permitted

to buy home-made goods at home at as low a price as the foreigner can buy American-made goods abroad. He also insists that our government should be by and for the people as a whole, rather than by and for the trusts, and administered in the interest of a few beneficiaries of the trust system. He believes that national legislation for the purpose of better regulation and control of interstate commerce and common carriers should supplement state legislation, and not be a substitute for state legislation.

Mr. Bryan's paper, The Commoner, reflects his opinions each week on questions of public importance and in its columns may also be found his magazine articles, public speeches, addresses and lectures, which are referred to in the daily press from day to day.

If you are interested in political questions, if you desire to keep in touch with the progress of the campaign and to read Mr. Bryan's campaign speeches send sixty cents to The Commoner, and the paper will be sent to you each week until the close of the next presidential campaign.

Postoffice money order, currency or stamps will be accepted. Only sixty cents. Address The Commoner, Lincoln, Neb.

"JIM BLUDSOE."

Supposed Hero of John Hay's Famous Poem Dies at Dakota, Minn.

Dakota, Minn., Feb. 27.—The body of John Jones, famous as the "Jim Bludsoe" of the upper Mississippi river, was laid at rest yesterday. Jones' experience was so similar to that of the hero of John Hay's famous poem that many believe that he was the inspiration of it.
Jones was the pilot of the ferryboat Warsaw, which transferred passengers from La Crosse to the Minnesota side of the river in the period just after the Civil War. About forty years ago the Warsaw caught fire while in the middle of the channel with several hundred passengers aboard, but Jones headed the steamer for an island in the center of the river, and in the words of the poem, "held her nose again the bank until the last galoot's ashore."

He was then obliged to make his own way to land through the burning boat. Although he received serious injuries he survived and died of old age.

MARGARET TINSLEY

Given into the Custody of
Her Grand-Mother, Mrs.
Mary L. P'Pool.

The habeas corpus proceedings in the case of little Margaret Tinsley continued to occupy the attention of the Circuit Court until Saturday morning at 10 o'clock, when the court decided the case, allowing the temporary custody of the child to her grandmother. Mrs. Mary L. Pool, upon the ground that the child's health was such as to require constant and careful attention, which her grandmother was better able to give than her parents. She is a daughter of J. M. Tinsley, who now lives in Evansville, and the proposed removal of the child to Evansville caused the suit. Mrs. P'Pool claimed that her daughter gave her the child and refused to give her up. A large number of Mrs. Tinsley's neighbors and friends sat with her in the court room, and when the decision was rendered much feeling was shown. Mrs. Tinsley wept and the child cried bitterly for her mother, as they were separated. The large crowd present showed strong sympathy for the parents. Judge Cook stated that the grandmother was only given custody of the child "for the present." Mrs. Tinsley has been living with her mother and has not been separated from the child heretofore.

BIG WAREHOUSE BURNS

Report Says Overturning of
a Stove Caused the Fire.

Frankfort, Ky., Feb. 29.—The big tobacco warehouse of Head and Schweitzer, at Schweitzer, near here, was destroyed by fire and 100,000 pounds of tobacco destroyed. According to one report the fire was caused by rats overturning a red-hot stove, but many doubt this and believe the night riders were responsible.

COMMITTEE MET
YESTERDAY

Weekly Meetings of Tobacco
Men Discon-
tinued.

MONTHLY HEREAFTER

Planters Association is Going
To Do Without
Speaking

The county committee of the Tobacco Association met in the County Court room yesterday. Chairman W. W. Radford presided.

The attendance was not as large as usual, owing, probably, to the wretched condition of the roads as well as the fact that the farmers are getting ready for spring work.

After reports from committeemen in different sections of the county and an informal discussion of matters of interest to the farmers, Mr. Ford announced that the Commissioner of Agriculture desired him to raise another acre of tobacco this year and he wanted instructions from the committee as to how he should proceed and what should be done with the different types after it has been raised and ready for the market. He was instructed to proceed as last year and the chairman will confer with Congressman Stanley after the experiments have been made as to the final disposal of the different varieties of the weed.

A committee was appointed to inspect the pricing houses and see that they are kept in order and that none of the farmers' tobacco is lost by handling, wasted on the floor, thrown in as trash, etc., by the employers of the prizers.

Chairman Radford announced that all members of the Association who had lost their tobacco stored in Albemarle's warehouse when burned on the morning of the 7th of December had been reimbursed by the Association, the larger part of it having been paid by the insurance companies and proceeds from salvage. He said that Woodbridge & Co. are doing the same thing, and that soon every person who had his tobacco in that house when burned would be paid in full.

Hereafter no association prizer will be allowed to prize any tobacco in his warehouse. There are several good reasons for this, one of them being that it induces help to leave the farms and come to the city.

The schedule as adopted by the committee will be generally observed. In fact the acreage this year will be far below that fixed by the schedule and the acreage of last year. Many farmers, besides, will not put a plant in the ground, and a very small acreage this year will be the rule in Christian county.

The chairman stated that he had seen it announced in the papers that Joel B. Fort was to deliver a speech in this city next Monday. He didn't know how the report got into print, and he would like for the committee to act on the matter.

A motion passed unanimously that the Secretary should write Mr. Fort to the effect, after expressing their thanks for what he has already done, that the committee is of the opinion that everything is all right in Christian county, that we have had enough speaking, it is now time for the farmer to get busy, and nearly everybody is already in the association. A motion was unanimously adopted that, owing to the approach of the farmers' busy season, the committee will hereafter meet but once a month—the first Monday.

When a man writes as follows don't you think he means it? Mr. S. G. Williams, Powderly, Texas, says, "I have suffered for years with Kidney and Bladder trouble, using every preparation I came across and taking many prescriptions all without relief until my attention was called to Pineules. After 80 days' trial (\$1.00), I am feeling fine. Money refunded if not satisfied. Sold by Anderson-Fowler Drug Co., Incorporated.

GROWER WARNED.

R. L. Haymaker Receives
Warning Letter.

Eminence, Ky., Feb. 29.—Hon. Robert L. Haymaker, former clerk

of the City Council, who lives here in Eminence, but who owns and manages a farm about three miles from town, is the recipient of a warning from night riders, which reads as follows:

"Mr. R. Haymaker: We hear that you intend to raise tobacco this

year. You had better not do this, we tell you for your own good. You will be made to suffer if you do try to raise tobacco, as you will be taken out and whipped and your property will be in danger of being destroyed. We do not intend to be talked by such as you. Respectfully, N.R."

Mr. Haymaker is not a member of the Society of Equity, and still asserts that he intends raising a crop of tobacco this season.

The notice to Mr. Haymaker came through the mail and was delivered to him at the Eminence postoffice.
